Workshop Information:

1) How did you hear about this workshop? (Please be specific)

2) Last LGBTQ workshop attended: Location _____ Date _____

Email completed application to: info@MehadiFoundation.org

Workshop Guidelines

Do not use alcohol and other self-medicating drugs throughout the weekend. If you must smoke, please do so outside the building and only in designated locations.

Attempts to initiate romantic relationships at workshops are discouraged. Peer support traditions have found that romantic relationships which start under artificial conditions (such as the workshops) are not successful upon return to regular life. Instead they may lead to disappointment and anger.

Do form positive relationships for the shared purpose of promoting healing among veterans and establishing meetings and workshops throughout the country.

Please respect our investment in you by reporting to each session on time. Attendance at all workshop sessions is expected. Although there will be planned recreation time, the focus of the retreat is your healing and empowerment, which needs your entire focus.

Thank you for applying for the Mehadi Foundation LGBTQ Veteran retreat!
